Ordering Information

Item(s) / Polybag: 1

Item(s) / Inner box: 1

Color: Customized colors available

C-NET's UTP 24 port staggered snap-in patch panel is designed for your 10G transmission requirement. The staggered design can help reduce Alien Crosstalk to support IEEE 803.ab and TIA/EIA 568B.2-10 with C-NET Cat.6A keystone jacks.

SYSTEM WARRANTY

The C-NET Cabling System Warranty provides a 25 year product and applications assurance of compliance with the industry performance standard appropriate to the class of cabling installed.

The warranty may be applied for by a registered approved C-NET (AI) Associated Installer who has designed, supplied and installed the relevant system.
